

This is in reference to KLove Radio, our FAVORITE station. It helps instill peace into every atmosphere that it reaches, and keeps your mind at ease, while the stresses of the day are reeling. KLove is an absolute asset to our community, in that it is a positive message for individuals & families alike, in our society that is quickly heading into moral decay. I believe that the service KLove provides is good news to everyone listening. It leaves you feeling good & enhances listeners to have a good attitude and make right decisions when faced with an array of choices. Keep KLOVE FULL POWER please.
